Consumer Math and Business Mathematics are not allowed for the NQF 4 Degree / Exemption Path.

Pure mathematics must be taken to prepare for the SAT and exemption will be required for tertiary studies.

HIGH SCHOOL PLANNING SHEET

Minimum 24 credits required for graduation

150 Hours = 1 credit and 75 hours = 0.5 credit

High school recommendations must be tailored to each student's post-high school goals, particularly for those who wish to pursue further studies. Parents and students must research and confirm the admissions requirements of potential universities and private higher education institutions. Due to the requirements of Diversio Learning, all students are required to have a full high school educational plan to receive ALL SERVICES.

|  | GRADE | ENGLISH - 4 credits required<br>One English credit each year must include writing/composition and literature/reading; grammar, spelling & vocabulary must be included herein |  | GRADE | MATHEMATICS - 4 credits required<br>One math credit each year. Geometry taken after Algebra 1 except when taken as Integrated Math |

# 8TH GRADE MIDDLE SCHOOL PLANNING SHEET

## Minimum Course Requirements

Elementary and middle school recommendations must be tailored to each student's academic development goals, particularly for those who require additional assistance due to varied learning abilities. Parents must research and confirm the minimum requirements of the home education policies as determined by the country the family is located in. Diversio Learning policies require all students to have a full Educational Development Plan to receive ALL SERVICES. Elementary and middle school students do not receive credits but minimum course requirements are applied per year.

|  | GRADE | <b>ENGLISH - 1 course required</b><br>One English course must include writing and reading; grammar, spelling & vocabulary study are part of English courses |  | GRADE | <b>MATHEMATICS - 1 course required</b><br>One math course required to prepare for high school or advanced math path with a high school mathematics course |

# UPPER ELEMENTARY SCHOOL PLANNING SHEET

## Minimum Course Requirements

Elementary and middle school recommendations must be tailored to each student's academic development goals, particularly for those who require additional assistance due to varied learning abilities. Parents must research and confirm the minimum requirements of the home education policies as determined by the country the family is located in. Diversio Learning policies require all students to have a full Educational Development Plan to receive ALL SERVICES. Elementary and middle school students do not receive credits but minimum course requirements are applied per year.
